CLASS PAYMENT POLICY

Training is important to the inter-industry and therefore, so is timely reporting of credit for programs completed. That's why I-CAR created its "Pre-Pay" policy, which states that all attendees must pay for the I-CAR program that they attend before being admitted. This may seem like a small issue, but when a student is allowed to attend an I-CAR training program without paying, the paperwork and processing is held up for everyone that attended the program. Acceptable forms of payment on site include discount training coupons, credit card, or check made payable to I-CAR. If you have any questions, please contact your local U.S. Zone manager or I-CAR Canada manager.
