cam.sells@i-car.com**I-CAR® ANNOUNCES PLAN TO TRANSITION CANADIAN OPERATIONS**

HOFFMAN ESTATES, IL – January 24, 2009 – I-CAR, the Inter-Industry Conference on Auto Collision Repair, announced today that it is seeking a Canadian firm to which it can transition its Canadian operations for collision repair training.

Operations in Canada are continuing as usual while the training organization seeks a potential licensee. “We are continuing to do what we do — scheduling I-CAR classes, conducting I-CAR training, and working to support the training needs of the inter-industry,” said John Edelen, President and CEO. “We intend to continue to do so as we transition to a Canadian industry-supported alternative,” he added.

I-CAR is moving aggressively through the process and expects to complete the transition by the end of 2009.

Interested parties will need to submit an Expression of Interest (EOI) by March 1 to be invited to move further in the process and to submit a detailed proposal outlining a business plan that will successfully incorporate the I-CAR vision in future operations in Canada. Canadian firms interested in submitting an EOI can visit the I-CAR website at www.i-car.ca/eoi.

###

I-CAR, founded in 1979, is an international not-for-profit training organization dedicated to improving the quality, safety, and efficiency of auto collision repair for the ultimate benefit of consumers.
