Card Holder's Signature:

The undersigned applicant is hereby submitting to I-CAR his/her identification number in order to facilitate payment and verification of information needed to receive I-CAR Industry Training Alliance recognition. The applicant has authorized I-CAR to utilize the identification number for verification purposes as indicated above. Furthermore, the applicant hereby agrees to indemnify, defend, and hold harmless the Inter-Industry Conference on Auto Collision Repair against all liability and expenses, including attorney's fees and court costs, which I-CAR may incur and which may arise from I-CAR using identification numbers disclosed herein for verification for the I-CAR Industry Training Alliance program.

Card Holder's Signature _____ Date _____

Student Application

DIRECTIONS

In order to ensure that your training can be verified by your Industry Training Alliance provider, I-CAR recommends that applications be submitted at least 45 days after completing training.

Once your application is processed, I-CAR will provide you with a transcript listing all I-CAR and Alliance training programs and their associated credit hours. Certificates are not issued by I-CAR for training programs received from Alliance training providers. Transcripts will be issued within six to eight weeks of the date the application is approved.

Please check the box(s) of the training program(s) being submitted for the I-CAR Industry Training Alliance program and enter the completion dates. Note that the correct time frame is checked for each program. Please refer to the following pages for a complete list of approved training programs, Earliest Completion and Latest Completion dates, and credit hours available. I-CAR cannot recognize and award credit hours for training taken prior to the Earliest Completion or after the Latest Completion dates listed for each training program or for training that has expired from the provider.

Have you completed any I-CAR training? Yes No

****Please note that your earned credit hours will expire AT THE END OF THE TERM established by the Industry Training Alliance provider, as calculated from the date training was completed. See the provider's certification term below.**
